accredo®

Patient Safety Plan

Accredo values employee and ~~client (Patient?)~~patient safety

Accredo provides care to ~~clients~~ patients in their homes. Accredo employees and ~~clients~~ patients are educated in all aspects of home and medication safety including fall risk, pain management, and oxygen safety. ~~Clients~~ Patients receive individual safety and injury prevention handouts that are age specific at start of care and throughout their service as needed ~~(~~or if they experience a change in condition~~)~~.
